

Hello,

We would like to wish everyone a warm welcome back, it has been lovely to see how quickly the children have settled into our Year 3 routine. The class have shown great positivity towards their learning.

### Equipment

We would like to thank and remind you all about the equipment the children need to bring in daily. Please ensure they have a well equipped pencil case, reading book, drinks bottle and if possible personal hand sanitiser. The children have been great at organising their desks with ALL their equipment and taking care of the personal items. Please could you name EVERYTHING.

## Year 3 Summer Term Learning Poster

As the weather gets warmer, please could you send your child with a sun hat. If possible, please apply a 24 hour sun cream at home before your child comes into school. As our British weather can change quickly, please also send your child with a waterproof coat.

### Home learning

We are asking the children to read daily. Please could you continue to listen to your child read at home at least three times a week. Please could you also continue to support your child to learn times tables.

Our class topic is Stone Age. We will be reading Stig of the Dump in English and Stone Age Boy in History. In our Maths lessons we are continuing with our CLICs, SAFEs and Learn Its. In PE the children are focussing on a number of areas of outside physical activity including tennis, hockey, rounders and fitness. Our History topic is Stone Age and we will be learning about many aspects of life. In Science we will be learning about Light and Plants this term.
