

# Summer Term 22

## History

Looking at how toys have changed over time and comparing them with today's toys.

## Art/ D.T

Our art and D.T lessons will be based around our fairy tale topic this half term.

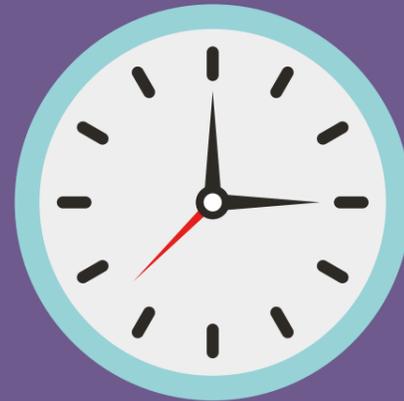

I cannot believe that we are into our last term of the academic year. I am so proud of everything that your children have achieved this year, and I am looking forward to watching them grow even more this term.

Kind reminders, as we enter into hotter months, please could your child come into school with a hat. Please apply sun cream before school, and if needed to be reapplied, your child may do so at lunchtime.

## Maths

Looking at measurement, such as length, time and money. We will continue with place value within 100 as well as our 2, 5 & 10 times tables.

## P.E / Thursday

Movement is vital and will continue to be incorporated into our daily routine. Cross country and competitive games will be taught this term, and we'll be preparing for sports day.

## Science

Looking at everyday materials, World Oceans Day (June), how the season is changing and why we need bees. We'll also have some fairy tale STEM activities.

# Fairy Tales

We are going to be looking at traditional tales this term, starting off with The Three Little Pigs.

Looking at the key characteristics of a fairy tale, retelling a story and creating our own.

## Home Reading

Please can I express the importance of reading and hearing your child read, at least 3 times a week. Your child's school reading book will continue to be changed weekly, alongside this book, please also read others to support your child's reading. Oxford Reading Buddy will support your child with their comprehension skills and reading fluency.

As previously stated, they need to complete at least 3 quizzes, with a 80% pass, and they will automatically be moved onto the next reading level.
