

Year 5 Spring Term

Computing

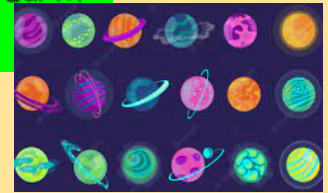

This term we will be learning about databases. We are also participating in e-safety day in February.

Safer
Internet
Day

Science

In our science lessons we will be learning about Earth and space.

P.E.

Swimming will continue up until half term. We will also do tennis and hockey.

Music

We will be exploring forms of body percussion and learning the songs needed for our performance at the Snape Maltings.

Maths

We will begin by continue our learning of multiplication and division. Later in the term we will look a fractions, decimals and percentages.

R.E.

Why do Humanists say happiness is the goal of life?

French

This term, we will be looking at different foods and how to order in a cafe. We'll also continue to exchange information with our French partner school in Colombes.

English

We will begin by working on descriptions linked to space, followed by space stories. We will read the book 'Curiosity: The Story of a Mars Rover' and base some of our work on this. Later in the term, we will be studying Greek myths.

PSHE and RSE

This term we will be looking at our relationship with others, including friendship skills and citizenship.

Art and D.T.

As part of our space topic we will be making space buggies! Drawing and painting Greek vases will come later in the term.
