Arbor - Guide to Parents

The Arbor App
We recommend parents download the Arbor app to their device for the easiest way to access Arbor as a parent.

Apple iOS

Android

Getting Started - Arbor Parent Getting Started

A guide to getting set up on Arbor Parent App can be found below.

Viewing and Updating your Child's Information - Arbor Parent Child's Information

Using the Arbor Parent App it is possible for parents to keep the information held in school for their child up to date. Parents can simply amend outdated information within Arbor and pass it to the school for approval. This will notify the School Office of an update and ensure that it is approved and that all information is updated.

Wraparound Care - Arbor Parent Wraparound Care

Through Arbor, parents can manage their child's balance and payments for the Breakfast Club and Afterschool Club in one place. If you pay via a childcare voucher scheme or tax free childcare, please inform the School Office as we need to mark your account to accept bookings.

Meal choices - Arbor Meal choices

From September 2025, if you would like your child to have a meal provided by the school you will need to select their choice from the menu via the app. The menu is already pre-loaded, and you can select the meal up to 9am the same day.

Trips - Arbor Parent Trips

Arbor will provide a clear management of Trips for the school and for parents. Within the Arbor app, parents can see trips that their child is assigned to and, if applicable, give consent for their child to attend the trip and also make any necessary payments.

Clubs - Arbor Parent Clubs

Parents will be able to sign their children up to clubs **run by the school** through the Arbor Parent app. This will not include clubs run by external sports providers.

School Shop -Arbor Parent School Shop

Through Arbor, we will provide purchasable items in a School Shop. These could range from uniform, one off events to class photos.

Parents' Evenings - Arbor Parents' Evening booking

We will be using Arbor to book Parents' Evenings too.
